

Who wants to buy a house on Aegina? Properties for sale! 😊

Do you remember our real estate campaign? The dog houses in the shelter were getting old and we had to replace the oldest ones with new ones. Now there are again a part of the dog houses that have to be replaced, because the ravages of time are also gnawing at them.

Example of a property from the previous action.

We offer the purchase of terraced houses with name tags from the "owners". Since we have chosen a new carpenter, the design will differ from the sample photo.

A terraced house (huts for the use of several dogs) with name tag is available for 100.00 euros and ensures that the dogs will definitely have it cozy.

We would be pleased if you could support us with a real estate purchase.

We ask you to donate to our bank account – a donation receipt is guaranteed at the end of the year:
