

Today we simply say THANK YOU 😊

Surely you remember our request for donations to support the purchase of tick repellent and the terrible photo with the jar full of ticks. Hopefully we will be able to prevent this in the future with the new product that was recommended to us and that we were able to purchase thanks to you.

Furthermore, we were recommended a remedy against giardia, which we have also ordered on a trial basis and will try out.

*Your Team from Animal Protection*
