

## Impressions from our stand at the Pistachio Festival 2022

During my stay on Aegina I experienced for the first time the annual Pistachio Festival, a big event at the port of Aegina town. The entire street at the port becomes a pedestrian zone. On one side, stalls were set up with many beautiful things for sale, most of which, as the name suggests, are about pistachios in any form.

Animal Protection also had a booth very close to the piers where the ships arrived with many visitors to the island.

We had many donated and handmade things on sale, except for a remaining stock everything has also been sold.

We would like to thank all the volunteers who worked as booth helpers. In particular, we thank Elena, who spent several hours each evening at the booth providing information about our shelter and our work on Aegina and tirelessly answered questions.

Here is a little insight into our booth:
