

Help for Lady ♥

A street dog, 10 years old, is well cared for by residents in her area. Everyone knows her. The area is sheltered and away from the hustle and bustle.

Lady is spayed and that is a good thing. Unfortunately, she has a tumour that needs to be removed urgently. The residents immediately collected money, but unfortunately it is not enough.

An adoptive family from Germany will cover the rest of the surgery costs. We thank them from the bottom of our hearts!

And there will also be a happy ending: Lady will be adopted by a family there on Aegina!

Thank you on behalf of Lady - Your Animal Protection Team
