

News from Vegas

Some time ago we wrote to you about the fate of Vegas. Vegas is our sponsored dog and we promised him we would never give up. Our work and his will to live combined have done wonders: he can now stand for minutes at a time and move around on his own hind legs, albeit shakily! Thank you to the team at the shelter for their constant physiotherapy.

Vegas, the beautiful, smart, strong dog who was hit by a car a few months ago and paralysed from the waist down, never gave up. Neither he nor we will give up until he can run, jump and enjoy his doggy life again.

Thanks to an individual donor, we were able to order a dog wheelchair for him, which will support him at times, so that the time spent running to gently build up his muscles can always be extended a little. Many thanks for the donation!

We are currently looking for a foster family to support Vegas during his rehabilitation phase. He is very people-oriented and always happy and cheerful. Out of the shelter, this would give him the chance of individual care that is sure to give him one more push to get back on his feet.

We would be happy to support the foster home in terms of the costs they will incur to ensure his food and medication/vaccinations etc. are covered.

If you are interested in taking over a sponsorship, please contact Christiane Kopacek at chkopacek@gmx.de.

Many thanks on behalf of Vegas!

Your Animal Protection Team
