

Diva - a difficult operation

Our old lady Diva, who is unfortunately deaf, has further health problems. A large tumor in her uterus has caused her a lot of trouble.

An operation is always a risk for such an old dog, but so is doing nothing.

A mammary groin and a tumor on her paw were removed and Diva came through everything well.

We are now expecting a large bill for this operation.

Who would like to help us with these extraordinary and high costs?

We thank you in advance for your support!
