

The crowning finale for our animal shelter

The crowning finale for our animal shelter was the receipt of an inheritance by Aegean Dogs e. V., our German support organisation.

This enabled us to make a miracle happen: The 25-year-old off-road vehicle, which was completely desolate due to the poor road conditions up to the animal shelter and back down again, has now served its purpose and - Tata!

We would not have been able to make this investment without your donations and contributions throughout the year!

With this in mind, we wish you a Merry Christmas and a Happy New Year!

Your team from Animal Protection und Aegean Dogs e. V.
